

KANI DABAN

Front-End Developer · UX/UI Background · Growing into Full-Stack

kani_daban@outlook.com | +31 6 44346653 | The Hague, NL | [linkedin.com/in/kani-daban](https://www.linkedin.com/in/kani-daban) | daban.nl

PROFILE

Final-year Communication & Multimedia Design student (The Hague University of Applied Sciences) building a front-end development profile on top of a strong UX foundation.. I'm currently deepening my JavaScript/React skills and building toward full-stack, with SQL and Node.js as my next steps. I combine this with a strong, reliable work ethic built over ten years of hands-on experience in retail and logistics.

EXPERIENCE

UX/UI & Front-End Developer Intern — Capisoft — AI Product Company

Feb 2026 – Jul 2026 · Amsterdam, NL

- Designed interfaces for AI-driven products in Figma and translated them into working React components.
- Worked closely with developers and stakeholders in an agile workflow.
- Ran usability reviews and iterated on designs and code based on user feedback.

All-Round Employee — Hoogvliet B.V.

2015 – 2025

- Ten years of consistent work experience in retail, including customer service, checkout operations, and inventory management — built strong reliability, ownership and a fast learning curve with new systems.

Video Editor, Internship — Stichting Com in Beeld — Rotterdam

Jan 2019 – Jul 2019

- Video editing and post-production, with a focus on editing recorded footage and transcribing content.

Media Intern — Lightning Video Editors

Sep 2018 – Dec 2018

- Edited video content and managed social media assets; filmed and produced creative projects.
